

## TA Cloud Print and Scan

### Supported models

The following table shows the list of supported models of the HyPAS™-application.

All newer systems that are not yet included in the list are usually also supported. If you have any questions about the supported models, please contact [Solution-marketing@triumph-adler.net](mailto:Solution-marketing@triumph-adler.net).

Project name	TA/UTAX model	Note	
A3 MFP	Iris 2	6007ci	-
